BOARDROOM BLITZ

The spirit of the '70s took place at the Brisbane Entertainment Centre on 15 October when DFK Hirn Newey together with clients Bickerton Masters Architecture (BMA) and Carpet Choice Cannon Hill took the stage in the name of charity.

Featuring DFK partners Paul Fiumara and Gavin Johns the band "ArchitAcc" was one of 10 acts which participated in Boardroom Blitz, a fundraising event for the Cerebral Palsy League of Queensland.

Paul Fiumara said the band were happy to shred their corporate gear and get into the spirit of the night, including being dressed up as 70's rock and rollers. 'It was a fantastic night. We got to have a lot of fun playing before a big audience whilst also raising money for charity,' he said.

Now in its third year, Boardroom Blitz has raised more than \$80,000 for the Cerebral Palsy League.

This year's theme was 'Studio 54 Revisited', so the entrants, which included bands from the legal, accounting, recruiting, hospitality, mining and architecture industries, played the hits of the '70s. The night was hosted by 1970s rocker Wilbur Wilde.
